Safety Information

MODEL:

FSP030-DHAN3

The rating of output voltages and currents is:

12Vdc, 2.5A

The rating of the equipment is:

100-240Vac, 1.0A and 50-60Hz.

Read these instructions carefully.
Keep these instructions for later reference.
All cautions and warnings should be followed.

- Do not defeat the safety purpose of grounding type plug. Use the power supply cord only in combination with an earthed socket-outlet.
 - The socket-outlet shall be installed near the equipment and shall be easily accessible.
 - Protect the power cord from being walked on or pinched.
 - The equipment shall be used at maximum 40°C/ 104°F ambient temperature.
 - Do not open the equipment, to reduce the risk of electrical shock.
 - For safety reasons it is only allow to be opened by qualified service personnel.
 - Protect equipment from humidity.
 - Disconnect equipment from power supply before cleaning.
-
- Do not use any liquid or aerosol cleaner. Use only dampened cloth.
